## PROFESSIONAL PROFILE

Experienced web developer proficient in both frontend and backend development. Skilled in building dynamic and responsive web applications, with a focus on delivering seamless user experiences. Proven ability to collaborate effectively in cross-functional teams and adapt to evolving project requirements.

## WORK EXPERIENCE

### Web Design Intern

#### Engaj Media

August 2023 - November 2023

- Led the design of the agency's official website, ensuring a modern and user-friendly interface while collaborating with cross-functional teams of designers and developers on various projects.
- Implemented 3D website designs using tools like Spline, enhancing user engagement, and contributed to industry-standard designs, staying updated with the latest frontend design principles.

### Frontend Developer

#### NodePair

May 2024 - Till date

- Developed and maintained web applications using Next.js for server-side rendering and Tailwind CSS for efficient and responsive design.
- Implemented dynamic features and components, improving user experience and performance by leveraging Next.js capabilities.
- Ensured responsive design across various devices and browsers, contributing to increased user engagement and satisfaction.

## EXPERTISE

- **Frontend Development:** Proficient in Next.js and React for building server-rendered and client-side web applications.
- **Backend Development:** Experienced in Node.js and Express.js for developing robust backend services.
- **Styling and Design:** Expertise in Tailwind CSS, Bootstrap, and Material UI for creating utility-first and component-based designs.
- **Database Management:** Skilled in MySQL and MongoDB for database design and querying.
